NOTES:

An Executive Order accelerated the RON effective date in Arizona to April 10, 2020.

On June 11, 2020, Louisiana became the 25th state to enact remote notarization (HB274). The effective date of the act is the later of the enactment of the federal SECURE Act or August 1, 2020. If the SECURE Act is not enacted by February 1, 2022, the effective date shall be February 1, 2022.

Oregon passed HB 4212A, signed by the Governor on June 30, 2020, to legalize Remote Online Notarization (RON) through July 2021.

Rhode Island issued guidance for RON, originally endorsed for issuance pursuant to Executive Order 09-08 dated 4/9/09; supplemented pursuant to Executive Order 09-25 dated 10/1/09; amended on 11/18/2009; amended and restated on 1/1/2019; amended and [restated on 4/3/2020](#). Read [Standards of Conduct](#).

South Dakota is commonly listed as a RON state. Although a law was passed in 2019, it is NOT remote online notary; it is what one notary administrator called "tangible/remote." The notary watches the signer online, signing a paper document which is mailed to the notary; the notary notarizes the signed paper document and mails it back to the signer.
